40-40-05. Contents of Preliminary Budget Statement.

The preliminary budget must include a detailed breakdown of the estimated revenues and appropriations requested for the ensuing year for the general fund, each special revenue fund, and each debt service fund of the municipality. The revenue and expenditure items for the preceding year and estimates of the revenue and expenditures for the current year must be included for each fund to assist in determining the estimated revenues and appropriation requested for the ensuing year. The budget must also include any transfers in or out and the beginning and ending fund balance for each of the funds. The budget must be prepared on the same basis of accounting used by the municipality for its annual financial reports.

The amount paid for salaries may be shown as a single line item expenditure in each fund. There must be on file with the governing body and open to public inspection a detailed statement showing the names of all persons receiving salaries, the annual amount paid to each person, and the fund charged.

While preparing the budget, municipal officials may include an expenditure item for equipment replacement, the amount of which may not exceed the total of the anticipated reasonable costs of depreciation for the ensuing year, based on current costs, of all equipment owned by the municipality. The expenditure for equipment replacement must be placed in a separate special revenue fund. No expenditure may be paid from the equipment replacement fund except for equipment purchases to replace equipment that is worn out, damaged, or obsolete. The term equipment" does not include structures or building fixtures.

While preparing the budget, municipal officials may include an expenditure item for a building reserve fund, the amount of which may not exceed the total of the anticipated reasonable costs of depreciation for the ensuing year, based on the original costs of albuildings and structures owned by the city. The expenditure for building reserve must be placed in a separate capital projects fund. No expenditures may be paid from the building reserve fund expend for the purchase construction or remodalize of buildings or structures that are absolute substandard or

40-40-08. Hearing of protests and objections - Changes in preliminary budget -

Preparation of final budget - Contents.

The governing body shall meet at the time and place set pursuant to section 40-40-06 and shall hear any and all protests or objections to the items or amounts set forth in the preliminary budget statement. At the hearing, the governing body shall make any changes in the items or amounts shown on the preliminary budget statement as it governing body shall make any changes in the items or amounts shown on the preliminary budget statement as it may deem advisable except as limited in this chapter, and shall prepare the final budget, which must consist of the preliminary budget with the addition of columns showing:

1. The final appropriations for the various expenditure items specified in the preliminary budget statement. The final appropriation of any fund total may not exceed the total amount requested in the preliminary budget.

2. The estimated amount of unencumbered cash on hand at the end of the current year may not include cash or investments of the equipment replacement fund as provided in section 40-40-05.

3. The levy amount determined by subtracting the total resources from the total appropriations and cash

- reserve for each fund. The governing body may increase the levy an additional five percent for delinquent tax
- The certificate of levy which includes a summary of the amount levied for each fund and the total amount levied.

40-40-09. Determination of amount to be levied - Adoption of levy - Limitations.

After completing the final budget on or before October seventh, the governing body shall proceed to make the annual tax levy in an amount sufficient to meet the expenses for the ensuing year as determined at the budget meeting. In determining the amount required to be levied, the governing body first shall ascertain its net current resources by adding the estimated revenue for the ensuing year other than property taxes, any transfers in, and the estimated fund balance at the end of the current year. Then the governing body shall ascertain its appropriation and reserve by adding the final appropriation for the ensuing year, any transfers out, and the cash reserve. The net current resources must be deducted from the appropriation and reserve and the balance shall be considered the amount that is required to be risked by taxing war. The determination of the amount of the current resources must be deducted from the appropriation and reserve and the balance shall be considered the amount that is required to be raised by taxation during the ensuing year. The determination of the amount of the levy that can be collected within the ensuing year must be made by the governing body based upon the past experience of the district. The levy as finally adopted must be approved by a majority vote of the members of the governing body and noted in the proceedings of the governing body. The amount levied is subject to the limitations as prescribed by the laws of this state and is subject to the further Page No. 2 limitation that the amount may not exceed the levy requested by the municipality. The levy adopted must appropriate in specific amounts the money necessary to meet the expenses and liabilities of the municipality.

57-15-27. Interim fund.

The governing body of any county, city, park district, or municipality, other than a school district, which is authorized to levy taxes may include in its budget an item to be known as the "interim fund" which must be carried over to the next ensuing fiscal year to meet the cash requirements of all funds or purposes to which the credit of the municipality may be legally extended, for that portion of such fiscal year prior to the receipt of taxes therein. In ocase may the interim fund be in excess of the amount reasonably required to finance the municipality for the first nine months of the next ensuing fiscal year. The interim fund may not be in excess of three-fourths of the current annual appropriation for all purposes other than debt retirement purposes and appropriations financed from bond sources.

57-15-31. Determination of levy.

1. The amount to be levied by any county, city, township, school district, park district, or other municipality authorized to levy taxes must be computed by deducting from the amount of estimated expenditures for the **current fiscal year** as finally determined, plus the required reserve fund determined upon by the governing board from the past experience of the taxing district, the total of the following items:

- a. The available surplus consisting of the free and unencumbered cash balance;
- b. Estimated revenues from sources other than direct property taxes:

- b. Estimated revenues from sources other than direct property taxes;
 c. The total estimated collections from tax levies for previous years;
 d. Expenditures that must be made from bond sources;
 e. The amount of distributions received from an economic growth increment pool under section 57-15-61; and
 f. The estimated amount to be received from payments in lieu of taxes on a project under section 40-57.1-03.
 2. Allowance may be made for a permanent delinquency or loss in tax collection not to exceed five percent of the amount of the levy.

57-15-31.1. Deadline date for amending budgets and certifying taxes.

No taxing district may certify any taxes or amend its current budget and no county auditor may accept a certification of taxes or amended budget after the tenth day of October of each year if such certification or amendment results in a change in the amount of tax levied. The current budget, except for property taxes, may be amended during the year for any revenues and appropriations not anticipated at the time the budget was

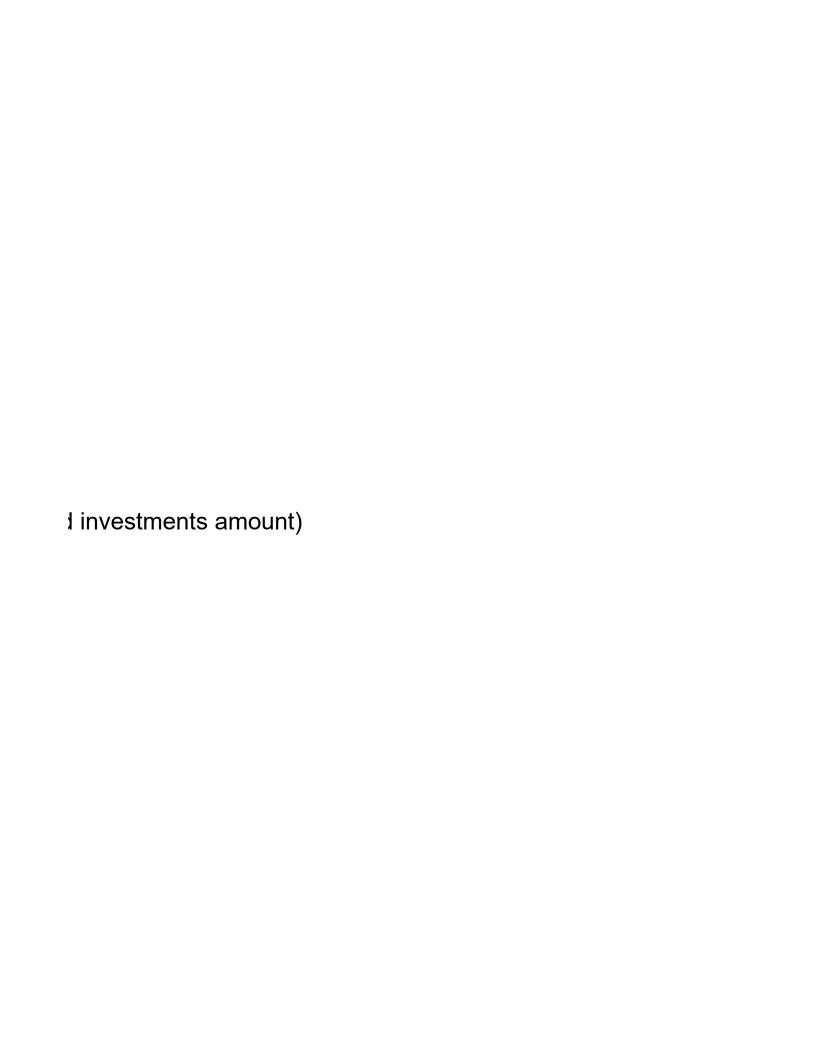

57-15-32. Certification of levy.

The taxes levied or voted by any city, township, school district, park district, or other municipality authorized to levy taxes must be certified by the officer acting as business manager or clerk of the governing body of such municipality to the county auditor immediately following the action of the governing body, or within ten days
